## About the Lymphoma Research Foundation

The Lymphoma Research Foundation's (LRF) mission is to eradicate lymphoma and serve those touched by this disease. The Foundation remains dedicated to finding a cure for lymphoma through an aggressively-funded research program and by supporting the development of improved therapies for people living with lymphoma. LRF also provides a comprehensive series of programs and services for people with lymphoma, their loved ones and caregivers.

## Research

LRF's Scientific Advisory Board, which is comprised of 45 world-renowned lymphoma experts, guides the Foundation's research activities. The Foundation funds innovative research to find a cure for lymphoma through Fellowships and Clinical Investigator Career Development Awards. Special disease-specific initiatives include: Follicular Lymphoma Research Initiative, Chronic Lymphocytic Leukemia/Small Lymphocytic Lymphoma (CLL/SLL) Research Initiative and Mantle Cell Lymphoma Research Initiative/ Mantle Cell Lymphoma Research Consortium.

**To date, the Foundation has funded over \$40 million in lymphoma-specific research.**

## Patient Programs and Services

LRF provides a comprehensive series of programs and services for patients, survivors and loved ones, including:

- In-person programs
- Lymphoma Helpline & Clinical Trials Information Service
- Lymphoma Support Network – one-to-one buddy program
- Patient Aid Grant Program
- Publications and newsletters
- Informational teleconferences and webcasts/podcasts

## Professional Education

LRF is committed to educating healthcare professionals on the latest developments in lymphoma diagnosis, treatment and management by developing or sponsoring various lymphoma-specific in-person workshops, conference symposia and informational webcasts.

## Public Policy and Advocacy

Through its grassroots action network, LRF advocates work on behalf of the entire lymphoma community to increase federal funding for lymphoma research and education, and to ensure access to high quality cancer care for every patient.

## Chapter Network

Through its chapter network, LRF meets the needs of the lymphoma community on the local level. Chapter volunteers educate others about lymphoma, reach out to newly diagnosed patients, raise funds for research and participate in public policy and advocacy efforts.
