## HOW CAN YOU MAKE A DIFFERENCE?

The Lymphoma Research Foundation's (LRF) mission is to eradicate lymphoma and serve those touched by this disease. Through its national Advocacy Program, more than 5,000 volunteer advocates across the United States make their voices heard!

### **LRF Advocates:**

- Fight for increased funding for lymphoma research.
- Educate lawmakers about lymphoma.
- Work to ensure that every lymphoma patient has access to quality cancer care.
- Make certain the voice of the lymphoma community is heard.
