

A NATIONAL ROUNDTABLE DISCUSSION

PRESENTED BY THE LYMPHOMA RESEARCH FOUNDATION AS PART OF THE NATIONAL CANCER MOONSHOT INITIATIVE

Wednesday, June 29, 2016 • 1:00pm - 2:45pm ET

The Lymphoma Research Foundation, the nation's largest non-profit organization dedicated to eradicating lymphoma and serving those touched by this disease, will host an online roundtable discussion of lymphoma patient advocates to discuss the national Cancer Moonshot Initiative. The discussion will explore strategies to invest in promising areas of lymphoma and CLL research; encourage greater access to and participation in clinical trials; ensure wide access to treatment for patients; and encourage researchers to share data.
